# I Don't Know

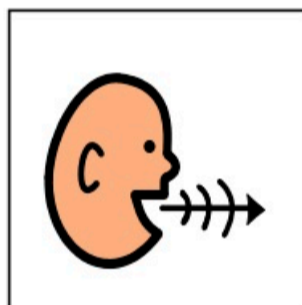

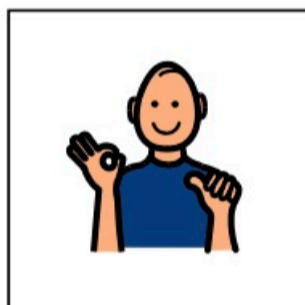

theautismhelper.com

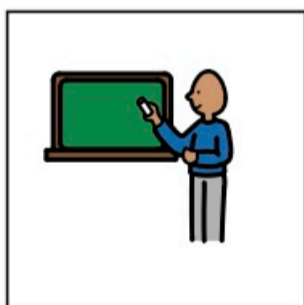

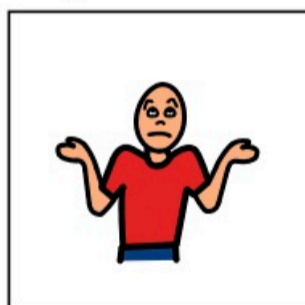

Sometimes at school, I don't know the right answer to a question.

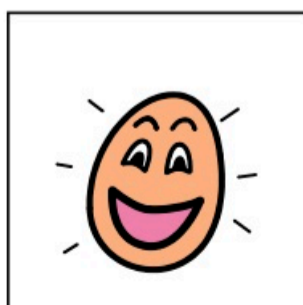

I feel embarrassed or I feel mad. I wish I knew the right answer.

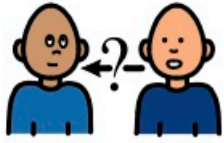

It's okay not to know the right answer. I say, "I don't know." It is better to say I don't know instead of getting mad.

When I say, "I don't know" my teacher will help me get the right answer.

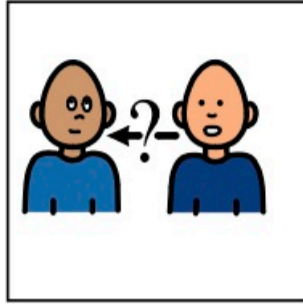

I keep working and maybe I won't know other answers but it's okay.

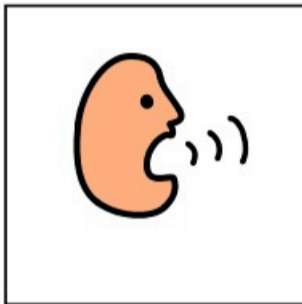

# Raising Your Hand

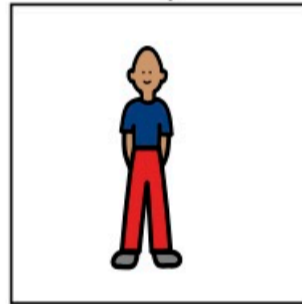

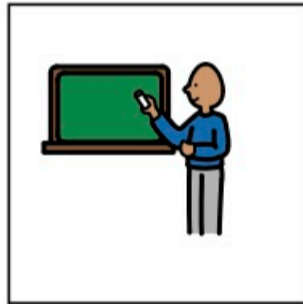

theautismhelper.com

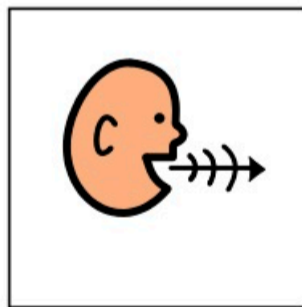

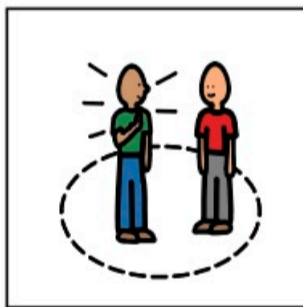

When I am in school, I raise my hand when I have a question.

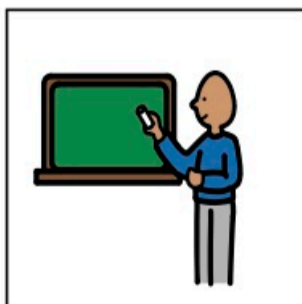

Sometimes I forget and I shout out my answer.

This is rude to my friends and my teacher. If I have a question or want to answer my teacher, I raise my hand.

When I raise my hand, my teacher will call me. Then it is my turn to talk.

When I raise my hand, my teacher is happy. I don't get in trouble!

# Group Work Rules

When the teacher asks a question, raise your hand quietly.

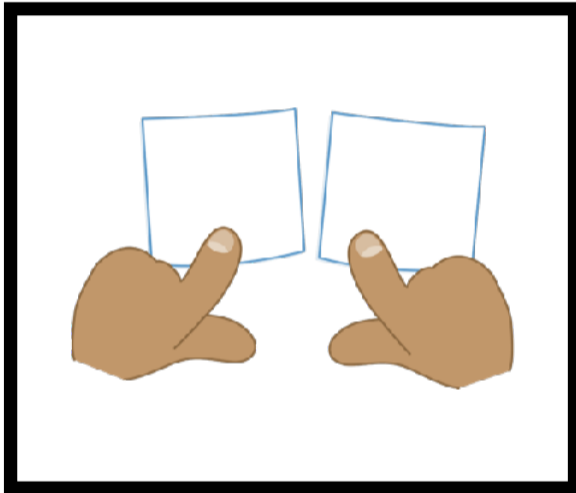

If the teacher calls on you, say the answer.

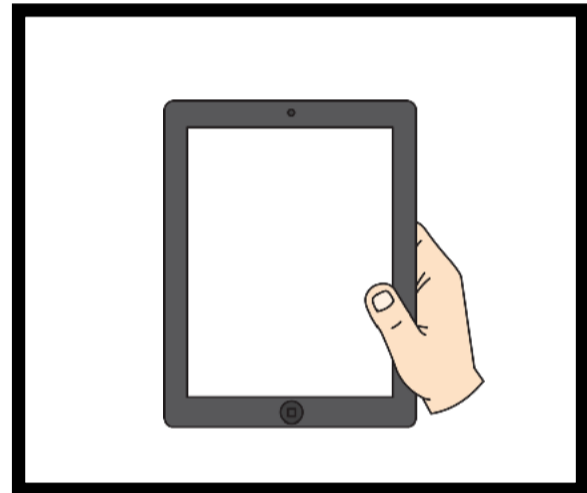

If the teacher does NOT call you, sit quietly and wait for another turn.
